

As an Associate Specialist, you will have the opportunity to contribute to the success of an organisation that values its team members, is committed to sustainable and ethical business practices, and provides an award-winning assurance and continuous improvement service to NHS clients.

Do you want to?

- retain your skills and knowledge without the commitment of a permanent role;
- work flexible hours suited to your personal commitments;
- share your expertise to add value to our service delivery; and
- be part of an NHS team working to improve NHS services and committed to making a real difference for NHS service users.

This opportunity will support you in retaining and developing knowledge and skills whilst also adding real value to the services we provide to our clients. Your skills will be sought on an ad hoc needs basis and successful applicants at interview will be appointed on a bank contract.

Areas of Specialism

We are looking for individuals who have either experience or knowledge in specialist fields.

- Experienced Internal Auditors
- Governance and Risk Management Specialists (including in clinical areas)
- Experienced Fraud Investigators
- Procurement Specialists
- IT Security Specialists/IT Specialist Auditors
- Information Governance Specialists
- Experienced Clinical Staff/ Clinical Governance Experts
- Sustainability/Corporate and Social Responsibility Experts
- Subject matter experts in areas such as Medicines Management, Infection Control and Safeguarding.

Working for Audit Yorkshire

Audit Yorkshire is an NHS shared services consortium with a reputation for providing high quality and innovative assurance, advisory and continuous improvement services to primarily NHS clients (www.audit-yorkshire.nhs.uk). We are hosted by York & Scarborough Teaching Hospitals NHS Foundation Trust. As an NHS hosted organisation, we can offer all the benefits of being an NHS employee.

You will be joining an award winning, innovative, and inclusive team that encourages listening, understanding and respect and is passionate about providing quality services to the NHS.

We value independence with integrity, customer satisfaction and excellence. These values support our mission to enhance and protect the organisational value of our clients by providing risk-based and objective assurance, advice, and insight.

Corporate social responsibility is important to Audit Yorkshire and we are committed to ensuring we have both ethical and sustainable business practises.
